

## Global Perspectives on Income Taxation Law

Filesize: 1.33 MB

### ***Reviews***

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## GLOBAL PERSPECTIVES ON INCOME TAXATION LAW

Oxford University Press Inc, United States, 2011. Paperback. Book Condition: New. 232 x 154 mm. Language: English . Brand New Book. In Global Perspectives on Income Taxation Law, Reuven Avi-Yonah, Nicola Sartori, and Omri Marian cover basic, corporate and international tax law from a comparative perspective. The book both supplements readings in US tax law courses and serves as a textbook for a comparative tax law class. The book starts with a theoretical analysis of the field of comparative tax law. It then follows the usual order of topics covered in a basic tax course as taught in most U.S. law schools, and for each topic, the authors highlight possible alternatives or policy choices. The authors frequently consider the U.S. approach as a benchmark, comparing it with approaches used in other countries which form an interesting contrast, or a telling similarity. They consider the multiple purposes of studying comparative tax law: helping to advance successful tax reforms, cultural understanding, political values, legal harmonization, and a better understanding of domestic tax laws.
