A new high quality mind-boggling action-packed science fiction horror thriller about a voyager probe of inconceivable magnitude and origins that explores time and universes, from somewhere beyond, and detects something of unknown origins in space and time and emerges into this world, and explorers uncover the deadly mind-bending supernatural voyager after it has been buried away for centuries. Throughout centuries people had been viciously subjected to deadly mind-bending magical forces and manifestations, and its origins, from a majority of accumulated sources, occurred around 1620 when fishermen witnessed its materialization exploding out of the early morning mist over the sea, like a crazy shooting star. Accounts of it reshaping and having accelerateddecelerated motions and forms like a crazy entitylife form and that it appeared to be damaged and be on the brink of losing its existence had later shown that it had entered some form of damaged or dormant state, surely exhausted of energy from either its extraordinary manifestation, or from its impact with the world, or it not even having existed in universe. The fishermen that had found it had taken it to the most knowledgeable and powerful person, who had been staggered by its existence. He had taken it from them and it was never seen again, but years later, they had heard of its activation and that many deaths had occurred and that they had been trying use it for magical purposes, to foresee future occurrences, and to accumulate its powerful powers. According to legends all the people there had been found dead, and it had left the most powerful magical object in existence, in whatever state and place they had left it, with powers going...
