Eating Animals is Jonathan Safran Foer's eye-opening account of where meat comes from I simply wanted to know - for myself and my family - what meat is. Where does it come from? How is it produced? What are the economic, social and environmental effects? Are there animals that it is straightforwardly right to eat? Are there situations in which not eating animals is wrong? If this began as a personal quest, it didn't stay that way for long . Jonathan Safran Foer's Eating Animals is the most original book on the subject of food written this century.
