Martin, Richard Guare, Peg Dawson, Ever feel like you're in the wrong job, maybe even the wrong career? You may be right. But before you make another move, consider this: your brain is hardwired with a unique combination of 12 different Executive Skills -the cognitive strengths that determine how well you will perform in a particular role. Your strongest and weakest Executive Skills can make the difference between big-time career success and years of disappointment and failure. "Work Your Strengths" helps you avoid 'trial-and-error' career moves by matching your strengths to the jobs that call on those skills specifically. Based on the authors' two-year study of more than 2000 top-performers at hundreds of organizations of all types, from Fortune 500 companies to nonprofits, the book reveals which strengths correlate with success in different jobs. Take a one-time, free online profile to determine your unique strengths and weaknesses and then use that information to identify your ideal career path. Not ready for a move yet? "Work Your Strengths" can also make a world of difference in the job you're in now.
